

BAKER AVIATION

OUR SUCCESS IS EARNED - ONE CUSTOMER AT A TIME!

DISCOVER THE ADVANTAGE WITH BAKER AVIATION

- At Baker, we can offer the advantage of customized/intimate, high-quality service and we focus on your needs!
- We have highly experienced troubleshooting experts on staff that get to the root of your problem quickly – potentially saving you thousands on billable hours. CHALLENGE OUR Expertise!
- We shop for the lowest price for your accessories and replacement parts – we don't hold your accessories hostage in the overhaul shop.
- Your asset – our reputation!
- We stay within the scope of the inspection and/or repair, and won't short-change you with pre-mature inspections or parts replacement.
- Our Charter department is ready to supplement your corporate flight department travel needs as necessary.
- Bigger isn't always Better – Get the Service and Quality You Deserve at Baker Aviation

ACCURACY

We may be small in appearance, but we are big on EXPERIENCE and we use that experience to ascertain the TRUE cost of your upcoming maintenance event.

HONESTY

We are Family Owned, and honesty is a key part of our core values. We won't give you a "lowball" bid then hit you with exorbitant "extra" charges.

INTEGRITY

At Baker – we have the knowledge and integrity to bid the "REAL" cost of the inspection. We know what is needed to return the aircraft to service and we include those items within our initial offer.

More than 100 years of Experience with Capabilities that include: Airframe, Engine, Avionics, Interiors, Parts Sales, Field Servicing

Airframes – Challenger, Learjet, Citation, Gulfstream, King Air, Hawker Beechcraft, Falcon 10, 20, 50, 900 and 2000.

Engines – Honeywell, GE, Pratt & Whitney Canada, Hamilton Sundstrand

Contact us TODAY to schedule your maintenance event and we guarantee our charter aircraft are available for your needs.
